Jest Messters

A comedy-mystery otome (GxB) visual novel with 4 routes + 1 secret route

Oh no! You're stuck with a pun-curse 'gifted' to you by the mysterious Jester. Luckily, your new classmates are just as weird as you are (or worse)...
Be careful who you trust! As sinister plots start to unravel around you, you find yourself tangled in a web of secrets and schemes.
And maybe... your pun-curse is the key to solve them all?

Release Date: Q2 2027
Developer: Elseth Games

Re:Curse

A time-travel mystery visual novel about found-family and hope in dark times

Play as Allison, a young woman struggling to find a glimmer of hope amidst the monotony and chaos of her life. Rediscover yourself, reignite your long-lost passions, and forge bonds with a cast of characters, each carrying their own burdens... and even darker secrets.
When tragedy strikes... Will you risk everything to save those who once reached out to you? Or will you turn a blind eye to it all?

Release Date: December 2026
Developer: Elseth Games

My Alien Roommate

A comedy-mystery sci-fi BxB / GxB visual novel with 3 routes

Play as protagonist Riley (name and pronouns changeable) and navigate a maze of academics, friendships and rivalries, all while trying to keep the biggest secret in the entire world under wraps: the existence of your alien roommate.
Pursue three male love interests in this romantic BxB/GxB visual novel: the socially-anxious childhood friend Lucas, the intelligent but arrogant "Class President" Felix Yang, or last but not least, the man, or alien of the hour himself, Enoch.

Release Date: TBA
Developer: Purple Herring Games

Of Frost and Flowers

A free fantasy otome (GxB) visual novel with 2 routes + 1 secret route

Play as Alto, a craftswoman who joined Zethania's Knights to search for her missing childhood friend. But upon joining them, Alto stumbled upon a secret she should not have known, and now her life is on the line...
On the run and out of time, your survival depends on who you turn to. Who will you trust? Your childhood friend turned bounty hunter? Or a mysterious alchemist with a trove of secrets?

Release Date: Released
Developer: Elseth Games, published on Steam by Neoclassic Games

Hostage Heart

A free thriller galge (BxG) visual novel

Hostage Heart follows a mid-level bank employee on a routine shift when a group of masked robbers storm into the bank, demanding, "You have one hour to bring me Adrien Crowe, or this building explodes."
This game has timed choices, early exit bad endings and four true endings with the love interests Nuri and Karina!

Release Date: Released
Developer: Tenshi Studios

Intensive (S)care Unit

A horror thriller visual novel set in an Indonesian hospital

Lia, a junior resident, steps into her first night shift in the ICU, expecting exhaustion, not trepidation. Alongside her senior, Satria, this shift begins to unravel in unsettling ways—bells ringing from empty rooms, whispers crawling through the halls, and the dead returning with unfinished business. As Lia confronts an eerie truth, she begins to question: is this night shift outside the bounds of reality—or has she crossed over herself?

Release Date: Released
