LOVE FAME GAIN

story by lucyshiki | cover art by rttncizu

stranger to lovers | mutual pining | agegap
younger phainon, older mydei | mutual attraction
implied reincarnation

"You're a talented actor."

It was a single phrase that altered the course of his life. After he unintentionally encountered his idol, Mydeimos, the life of Phainon Khaslana, a young, new rising actor who had just experienced the bitterness of life in the entertainment world, took a dramatic turn.

Mydeimos, the most renowned actor of his generation, reached out his hand, a spark of unspoken emotion dancing in his eyes.

"Become my co-star, Phainon."

The invitation felt surreal, yet it matters little to him now. The luck was on his side, his dream was within reach. To stand on the same stage with Mydeimos.

For the love and fame he sought from the start.
