Blue Rose (Original Comic) 70k

New Comic!

The sun gave way to the moon. The town, which had been bustling, fell silent. Not a single soul was to be seen in the city. Doors and windows were tightly shut, and the streets were lit only by moonlight. Legend has it that there is an immortal plant capable of breaking the curse on the village. This immortal plant is known as the “Blue Rose.”

Curious, Mawa ventured into the forest in search of it. But instead of simply debunking the myth, she encountered a mysterious creature wearing a triangular hat who kept following her.

"is the Blue Rose just a myth, and is the town actually fine?"
